MAXIMUS RE

The most compact
thermoformer available!

PACKAGING MADE SIMPLE, THE COMPACT
SOLUTION FOR YOUR GROWING BUSINESS!

The Maximus RE is the ideal solution for small production environments with limited space. Thanks to its compact design and integrated control cabinet, it enables a space-saving setup and maximum efficiency. The intuitive 10-inch HMI Panel ensures precise process monitoring, while the standard film width of 420 mm and 6 different stroke lengths support versatile applications. Its well-thought-out design allows for dual-sided use at the loading area, further enhancing user convenience.

- 2.200 mm length x 770 mm width, < 1,7 m² footprint
- 6 different stroke lengths allow different and versatile applications
- Integrated electrical cabinet for space-saving footprint
- Loading area usable from both sides
- 10-inch HMI panel, swiveling (IP67)
- Emergency stop switch on both sides of the machine
- Short delivery times thanks to efficient pre-assembly

MAXIMUS RE

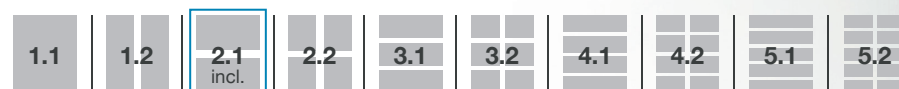

Technical Info | Available Options

- **Machine dimensions:** 2,200 x 770 x 1,590 mm (L x W x H)
1,706 mm overall height, including top film
- **Machine weight:** approx. 900 kg
- **Film width:** 420 mm
- **Film diameter:** Ø 300 mm
- **Maximum film weight:** Bottom film 37 kg, top film 35 kg
- **Available stroke lengths:** 200 / 230 / 260 / 280 / 300 / 320 mm
- **Maximum draw depth:** 90 mm
- **Format:** 2.1 (always included)
- **Packaging types:** Sealing, Vacuum, MAP (flexible film)
- **Output:** max. 6 cycles/min.
- **Electrical voltage:** 3 x 230 V N/PE, 3 x 400 V N/PE, 50/60 Hz, IP65
- **Compressed air:** min. 6 bar
- **Vacuum pump:** 063 cbm/h (internal)

Available options:

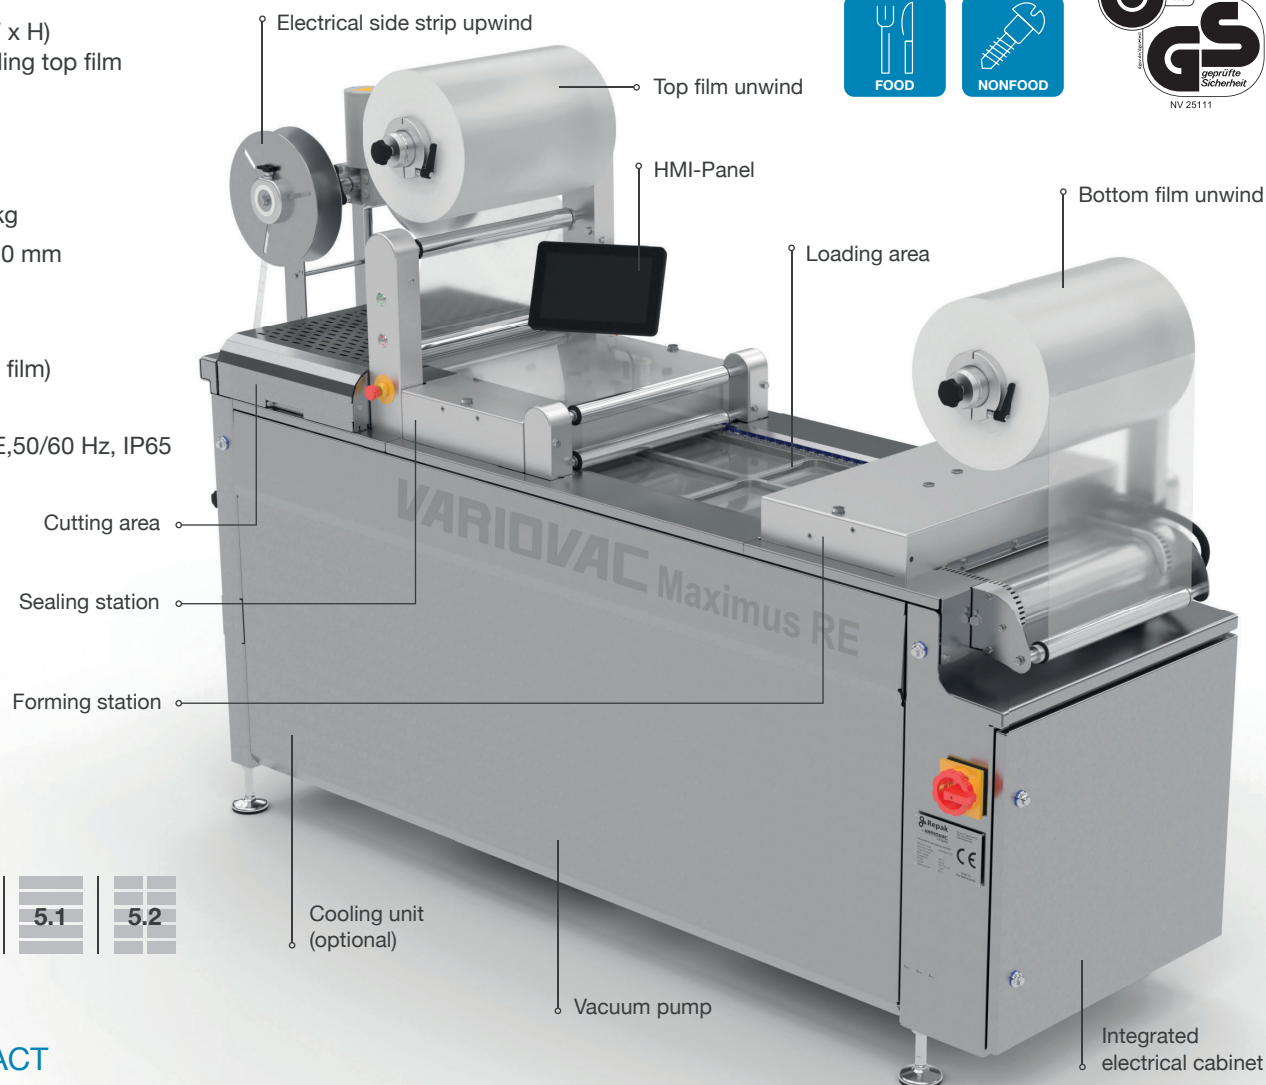

Gas flush | 100 cbm/h Vacuum pump
Machine on casters | Change format
Photo cell control for registered top web
Perimeter sealing plates | Cooling unit

Available divider sets

Machine direction

EASY TO CONFIGURE | FULL-FEATURED | COMPACT
